Code Test Monitor Configuration Aliases Versions

#### Code source Info

Open in Visual Studio Code i Update

```
1 lambda_function.py
2 import boto3
3 import os
4
```

#### Choose a tutorial

Learn how to implement common use cases in AWS Lambda.

##### Create a simple web app

In this tutorial you will learn how to:

- Build a simple web app, consisting of a Lambda function with a function URL that outputs a webpage
- Invoke your function through its function URL
